Results

The Royal Scottish Highland Games Association publishes results of competitions at member events on the RSHGA Website.

Members are asked to advise the results to RSHGA immediately after their event (email is acceptable); once received they are posted online. If any results are missing it is usually because the member event has not advised the results to the RSHGA. If you are expecting to see results that are missing please firstly ask of the event secretary whether they have been submitted to RSHGA.

The results can be seen on the RSHGA website at

www.rshga.org/results/
